“ Jay

We were so sad the day we heard about Barb. She was truly a special person to know. I fondly remember her great giggle and how she would light up the room when she walked in. She is still riding with the wind in her face only now on the wings of angels. Take care my friend.

“ *Barbara has been the same all of her life. I met her in first grade school. We have been friends (true friends) from that day. She was thoughtful, complimentary, pleasant, strong and humble. She was self-confident. She had the happiest most soothing voice that I have ever heard. Jay she loved you to the max. You allowed her to be who she really was. She was thankful and so am I. You have my sincere condolences.*
