“ David and I would like to send our sincere condolences to the Stover family. We owe a lot to this wonderful lady. She first recognized our son's educational needs when she became his kindergarten teacher. With her help we were able to navigate the educational system and he received all the help he needed to make it all the way through graduation. Thank you Mrs. Stover. For the past forty years every time we met her, she immediately ask how Brian was doing. The last time we met at Old Town Buffett we shared some pictures of our children and grandchildren. She was so proud of you all. I will never forget that bright smile . She will not be forgotten.

“ Mrs. Stover was my beloved kindergarten teacher at Roosevelt Elementary School.. She was a kid when she had our class. I recall, as a child, thinking "wow, she must be a teenager :) " . I remember when she married and her name changed from Samuelson to Stover. I thought it was cool that she got married.

When I became a grown up, I ran into her at various stores throughout Warren and she never aged. I will always miss the fact that I will not have the chance of running into my kindergarten teacher again.
