“ I picked da blue candle because da blue flame is da hottest flame and you were the hottest cheerleader WGH or any other school in the world have ever had...I know your not resting up there because your dancing, making music or doing back flips from cloud to cloud...you followed your destiny in life and that's why you were bought home but now you no longer have to do any of that to get away from the anger and the pain and the stresses of being on earth, you are now at peace and I hope your family can feel that in their hearts when they think of you...

“ Although I never had the privilege of having Korey as a student in the band, he was such a joy to work with on the football field. Such a talented, intense, pleasant young man, korey always made the world shine brighter wherever he walked. The brightest stars always go so quickly. My condolences to the family, but know that Korey was loved and respected!
